Phone: +91 9633480416

Location: Kollam, Kerala, India

---

### Objective

Detail-oriented and innovative technologist with a strong foundation in electrical engineering and project management. Seeking an opportunity to leverage my technical expertise, problem-solving abilities, and leadership skills to contribute to organizational success in a challenging and growth-oriented environment.

---

### Key Skills

- **Technical Expertise:** Electrical engineering, HVAC systems, and project management.
  - **Problem Solving:** Strong analytical skills with experience in troubleshooting and fault detection systems.
  - **Project Management:** Tendering, cost estimation, scheduling, and project close-out.
  - **Communication:** Excellent interpersonal and networking skills, with experience in client negotiations and team coordination.
  - **Tools:** MS Office, AutoCAD, C/C++, Python (basic understanding).
- 

### Professional Experience

#### Senior Executive Claims Facilitator

**Chola MS General Insurance Co. Ltd., Cochin**

June 2022 – June 2024

- Managed claims processing and facilitated communication between clients and technical teams.
- Utilized analytical skills to resolve disputes and ensure timely claim settlements.

## **Field Engineer**

### **RailTel Corporation of India Ltd., Chikkballapur, Karnataka**

*January 2022 – March 2022*

- Worked on-site to manage and troubleshoot technical issues related to railway communication systems.
- Collaborated with cross-functional teams to ensure project deadlines were met.

## **Electrical Engineer**

### **Indicus Group, Karunagappally**

*August 2018 – February 2021*

- Oversaw electrical installations, testing, and troubleshooting for HVAC systems.
- Managed project timelines, cost estimation, and client negotiations.

## **Draftman**

### **CAD Center, Kollam**

*January 2017 – July 2018*

- Created technical drawings using AutoCAD for electrical and mechanical systems.
- Collaborated with engineers to ensure design accuracy and compliance with project requirements.

## **Trainee**

### **Keltron Knowledge Centre, Trivandrum**

*February 2016 – December 2016*

- Gained hands-on experience in electrical and mechanical systems, including HVAC.
- Assisted in project management and technical documentation.

---

## **Education**

### **MEP HVAC Mechanical**

#### **Keltron Knowledge Centre**

*January 2016*

- Specialized in HVAC systems and project management.

### **Electrical & Electronics Engineering**

#### **CUSAT University**

*August 2015*

- Graduated with a focus on electrical systems, fault detection, and troubleshooting.

## **12th Grade**

### **CBSE Board**

*May 2011*

- Scored 65% in Science stream.

## **10th Grade**

### **CBSE Board**

*May 2009*

- Scored 60%.
- 

## **Projects**

### **Temperature Controlled DC Fan**

- Designed and implemented a system to control fan speed based on temperature sensor input, eliminating the need for traditional thermostats.

### **Three-Phase Line Fault Detection System by GSM**

- Developed a system to detect faults in three-phase power lines and identify the location of transformer failures using GSM technology.
- 

## **Workshops & Seminars**

- Attended a seminar on "**Design and Development of Superconducting DC Cable for Railway Applications.**"
- 

## **Technical Skills**

- **Programming:** C/C++, Python (basic)
  - **Design Tools:** AutoCAD
  - **Office Tools:** MS Office (Word, Excel, PowerPoint)
- 

## **Personal Details**

- **Date of Birth:** 05-12-1993
  - **Languages Known:** English, Malayalam, Hindi
  - **Marital Status:** Single
  - **Nationality:** Indian
-

**Declaration**

I hereby declare that the information provided above is true to the best of my knowledge and belief.

**Place:** Kollam

**Date:** 25/01/2025

**Signature:**
